all hours.

SOLDIERS!

Both Conscripts and Volunteers!!!

Did you know that the sale of Watches in
the Army is a source of enormous profit? Are
you aware that many hundred dollars can be
made on a single pair, by any one of ordinary
business tact? And, further, do you know
that we are offering the most accurate
Durable, and Reliable Watches in the America
Market, at Prices below all Competition?

The article especially deserving attention at
this time is our celebrated

RAILWAY TIMEKEEPERS,

With Heavy Sterling Silver Cases.

Especially Adapted for Army Sales.

F. Frank Converse's Illustrated Newspaper, of Feb. 21,
1863, says—"HUBBARD'S TIMEKEEPERS are becoming
profoundly esteemed in their accuracy and reliability. They are
now more valuable for their service than for the army and tra-
vellers."

The Army and Navy Gazette, of Philadelphia, in its
number of May 9, reviewing this watch, says—"We are
pleased to see that the importations of the HUBBARD
TIMEKEEPERS are exceeding the enormous sale that extra-
ordinary circumstances have created in their market. These
watches are now more valuable for their service than for the army and
travellers."

They are superior to all other manufacturers in point of accuracy and
reliability. Fidelity and promptness to their patrons
rank the house a desirable model for traders in the
army.

The New-York Weekly, of July 22, 1863, voluntarily
says—"We have been gratified to find that Mr. HUBBARD,
who are the exclusive importers of the article, say that they
now appropriate the entire of their time to the market. These
watches are now more valuable for their service than for the army and
travellers."

The RAIL' AT TIMEKEEPER has heavy solid
silver cases, beautiful white enamel dial, solid
gold hands, with superior regulation movement,
convenient to set and keep excellent time. Price, per
pair of half dozen, \$100 for 25 per centage. If
paid in full, 20 per centage discount by mail
guaranteed. Sold only by the owner.

The RAIL' AT TIMEKEEPER is also furnished in hand-
some silver plated cases, and in all other respects the
same as the silver ones, while in appearance they are
fully equal. Price, per pair of half dozen, \$100.

Order from F. Frank Converse, 169 Broadway, New York.

MAGIC TIME OBSERVERS!
THE PERFECTION OF MECHANISM!

George Edwards, 169 Broadway, New York, makes
the most perfect time observers in the world.

He has a Wind-up mechanism, which is
perpetually wound up by the power of the weight.

The time is regulated by a pendulum, which is
adjusted by a screw, so that it can be set to any hour.
